### ASK US!

Scholarships available for Elizabethtown College employees, alumni, and affinity partners.

## Elizabethtown College's Post-Professional Occupational Therapy Doctorate (PP-OTD)

is designed for licensed occupational therapists with either an earned bachelor's or master's degree in occupational therapy. Our interdisciplinary curriculum prepares students to explore new areas of interest and further develop advanced practitioner roles.

This affordable and flexible 32-credit program is designed for working professionals to complete in as little as two years. All courses are offered in an online format and the six month capstone experience can be completed at your current place of employment.

## CHOOSE FROM TWO OF FIVE CONCENTRATIONS

**ENTREPRENEURSHIP & FAMILY BUSINESS** This certificate will prepare you with the skills to start, innovate, and grow your own business.

**HEALTH CARE ADMINISTRATION** This certificate focuses on the administration and management of current and future health care systems.

**INTERDISCIPLINARY AUTISM SUPPORT** Taught by leading therapists in the fields of interoception and functional lifestyle modification, this certification follows a strengths-based approach, helping clinicians shape the future of autism care across the lifespan.

**STRATEGIC LEADERSHIP** This certificate focuses on building your leadership knowledge and interpersonal communication skills.

**TRAUMA INFORMED PRACTICE** Approved by the Pennsylvania Department of Education, this certificate provides the requisite knowledge and competencies professionals must acquire to meet the needs of children who are exposed to trauma.

## MEET THE PROGRAM DIRECTOR

**Dr. Kerri Hample, OTD, OTR/L, FMCHC**

Dr. Hample is a clinical expert providing occupational therapy services for children and their families in early intervention, schools, and private practice through telehealth and outpatient clinics for more than 20 years. Her specialty focus is on functional nutrition, lifestyle modification, sensory processing, especially interoception as it relates to eating, toileting, behavior and sleep. Dr. Hample currently serves as Chairperson of the PA State Board for Occupational Therapy Education and Licensure.
