TRANSFORMING hospital environments bringing healthcare spaces to life

It's a well known fact that patients' surroundings, can have a huge impact on their recovery and wellbeing. We specialise in working with hospitals to create enhanced interiors for patients, visitors and staff.

Our mission is to make hospital environments part of the healing process - creating spaces that bring hospitals to life.

"Better spaces to get better in"...

- Grosvenor specialise in providing enhanced spaces within NHS hospitals, funded by charities
- We work closely with hospitals to identify plan and design inspiring and uplifting healthcare environments
- We excel at delivering quick and easy projects with minimal hospital disruption
- We can seamlessly interface with all parties involved including; estates, fire teams, hospital departments, management and your funding charities.

Wall Glamour®

Wall Glamour, one of our most popular interior design solutions. It affords some really versatile ways to change the appearance of a space quickly, quietly, affordably and with very little fuss. Wall Glamour allows you to brand entire walls and spaces with seamless graphics images and themes.

Creating better spaces:

- Staff Wellness rooms
- Award winning Maternity bereavement suites
- End of life spaces
- Reception and waiting areas
- Bespoke desks, joinery and seating
- Theatre recovery rooms
- Children's wards
- ED spaces
- Complete ward refurbishments
- Alternative Therapy areas
- Social zones and playrooms

Additional interior expertise :

- Bespoke furniture
- Mobile gaming units
- Discrete / Overt Donor recognition
- Charity messaging
- Augmented reality imaging
