

Fundraising with our local community for a new chemo unit

Hywel Dda Health Charities - Wales

Bronglais Chemo Appeal

In autumn 2022, just 10 months after its launch, our Bronglais Chemo Appeal passed its £500,000 target. The aim of the Appeal was to raise the remaining funds needed to transform the current chemotherapy day unit at Bronglais General Hospital, Aberystwyth into a modern, fit-for-the-future facility. In addition to the funds raised locally, the Appeal received a substantial donation from the Moondance Foundation.

Staff at the Bronglais Hospital Chemotherapy Day Unit say a huge thank you to local communities for supporting the Appeal

“

We've been genuinely blown away by the support from our local communities. What's become clear is how passionate people are about their local NHS.

Bridget Harpwood,
Fundraising Officer

Unprecedented community support

Since its launch, our local communities have thoroughly embraced the Appeal, and despite challenges such as Covid-19 and the cost of living crisis, they have gone the extra mile with their fundraising. Our fundraisers have cycled, golfed, run marathons, held a summer ball, and even staged an Elvis tribute event to raise money... and the list goes on! What the Appeal demonstrates is how local communities will passionately get behind a cause which is important to them.
